The AEP North Delivery Charges on this EFL reflect the delivery charges that AEP North is currently charging; AEP North Delivery Charges (i) include all recurring charges from AEP North, (ii) can be changed by AEP North at any time, and (iii) are passed through to you without-mark-up. This price disclosure is an example based on average prices - your average price for electricity service will vary according to your usage. The Average Price per kWh Demand Meter shown above assumes the billing kWh on your bill will always be greater than 10kW, which may or may not apply to you.
