

**Electricity Price**

<b>Average monthly use:</b>	<b>500 kWh</b>	<b>1000 kWh</b>	<b>2000 kWh</b>
<b>Average price per kWh:</b>	<b>17.1¢</b>	<b>15.7¢</b>	<b>14.9¢</b>

Average price calculation is based on usage profile over 12 months referred to the pricing components in the Energy Chart Breakdown below.

This price disclosure is based on the following components:

**Base Charge:** \$9.95 per month  
**Energy Charge:** See chart below  
**CenterPoint Delivery Charge:** 5.469¢ per kWh  
 \$4.39 per month

*CenterPoint Delivery Charges include all recurring charges passed through without mark-up. This price disclosure is an example based on average prices - your average price for electricity service will vary according to your usage. The price you pay each month will consist of the Base Charge, Energy Charge, and CenterPoint Delivery Charges. Any nonrecurring fees from the TDSP will be passed through without mark-up.*

**Energy Charge Breakdown**

<b>Energy Charge Period</b>	<b>Energy Charge Hours</b>	<b>Energy Charge Rate (¢ per kWh)</b>	<b>Expected Usage</b>
Ultra off-peak	12:00am - 5:59am,	3.73¢	26.00%
Off-peak	6:00am - 5:59pm, 10:00pm - 11:59am,	6.84¢	53.00%
On-peak	6:00pm - 9:59pm,	19.8¢	21.00%

*Ultra off-peak: Cheapest-priced period. Utilize this time to charge your EV, use AC, or heat your space. Off-peak: Low-demand time when electricity costs less. You're encouraged to use electricity-heavy items during this period for cost savings. On-peak: High-demand time when electricity costs more. Shift usage to the Off-peak periods to save money.*

Your average price per kWh each billing cycle is determined by using the applicable energy charge above and the following formula:

*Price per kWh = ((Base Charge) + (Monthly billed kWh usage during Ultra off-peak Hours \* Ultra off-peak Energy Charge) + (Monthly billed kWh usage during Off-peak Hours \* Off-peak Energy Charge) + (Monthly billed kWh usage during On-peak Hours \* On-peak Energy Charge) + (CenterPoint Energy Delivery Charges)) / all Monthly billed kWh usage.*

*If Rhythm receives incomplete interval data from your Transmission and Distribution Service Provider (TDSP), Rhythm may estimate your usage for missing periods based on historical data from your meter. A multi-day average of recent interval data will be used to estimate usage for missing intervals and the estimates will be used to calculate your monthly bill. When there is a difference between the monthly meter read and the monthly total of the actual or estimated interval data, the usage difference will be allocated based on your usage profile for that billing period. If less than 50% of the interval data is received from the TDSP or Rhythm estimates it, the usage difference between the monthly meter read and monthly total of the actual or estimated interval data will be applied based on the (Expected Usage) located the in "Energy Chart Breakdown" above.*

**Other Key Terms  
and Questions**

See Standard Terms of Service statement for full listing of fees, deposit policy, and other terms.

See the next page for the Disclosure Chart.

## Disclosure Chart

<b>Type of Product</b>	Fixed
<b>Contract Term</b>	12 months
<b>Do I have a termination fee or any fees associated with terminating service?</b>	A termination fee will be assessed if this Contract is canceled after the first thirty (30) days in the amount of \$10.00 (ten dollars) for each whole month remaining in the Contract term.
<b>Can my price change during the contract period?</b>	Yes
<b>If my price can change, how will it change and by how much?</b>	The average price may change to reflect actual changes in TDSP charges, changes to the Electric Reliability Council of Texas or Texas Regional Entity administrative fees. Your energy charge from Rhythm will not change unless federal, state or local laws or regulatory actions impose new or modified fees or costs on Rhythm that are beyond Rhythm's control.
<b>What other fees may I be charged?</b>	Late Payment Penalty of 5%, Non-sufficient funds fee, Disconnect for Non Payment Transaction Fee; see <a href="https://cdn.gotrhythm.com/RhythmTOS_en.pdf">https://cdn.gotrhythm.com/RhythmTOS_en.pdf</a>
<b>Is this a pre-pay or pay-in-advance product?</b>	No
<b>Does Rhythm purchase distributed renewable generation?</b>	No, not under this plan. A customer interested in participating in Rhythm's distributed renewable generation buyback program needs to contact Rhythm Customer Care to enroll in a plan that offers that program.
<b>Renewable content</b>	100% renewable; see <a href="https://cdn.gotrhythm.com/RhythmTOS_en.pdf">https://cdn.gotrhythm.com/RhythmTOS_en.pdf</a>
<b>Statewide average for renewable content</b>	31% renewable
